

BUILDING OPERATIONS

SOLVING BUILDING OPERATIONAL CHALLENGES

At Kroeschell, we have a deep understanding of what challenges keep building operators and owners up at night. Whether it's maintaining safe and operational environments, increasing business productivity, energy efficiency, protecting investments, or controlling costs, our experience-driven team has your back.

STATISTIC: 30% of energy is wasted in commercial buildings
(Source: EPA)

We apply data-driven decisions to match your organization's goals and use state-of-the-art solutions to exceed them.

Since 1879, we've become a distinguished leader in general contracting, specializing in heating, ventilation, and air conditioning systems, and have provided support to Fortune 100 companies and government institutions. Each day, it is our goal to help shape the future of safe, efficient, and productive facilities at every stage of the building life cycle.

When you choose Kroeschell, you choose a world-class partner that is knowledgeable, responsive, and trustworthy. Our operational services include:

- Custom Metal Fabrication
- Manufacturing Process Systems Maintenance
- Building Utilities and HVAC Services
- Industrial Wastewater and Wastewater Treatment
- Industrial Construction
- Machine Install and Relocation
- Data Center Maintenance Operations
- Facilities Maintenance

A DIVERSE RANGE OF OPERATIONAL SERVICES

CUSTOM METAL FABRICATION

Kroeschell supplies effective and dependable metal fabrication services for our customers. Our wide range of capabilities includes rolling, bending, CNC machining, screw machining, stamping, welding, stitching, and more.

MANUFACTURING PROCESS SYSTEMS MAINTENANCE

While we are experts in machine maintenance, we also know to make suggestions to improve productivity. We take the time to help your team work more efficiently and safely.

BUILDING UTILITIES AND HVAC SERVICES

Our team is highly-trained in providing systems evaluations and upgrades to chiller and boiler systems, hydronic heating systems, steam systems, and more.

INDUSTRIAL WASTEWATER AND WASTEWATER TREATMENT

Kroeschell provides a wide range of environmentally-friendly wastewater treatment solutions, including the proper treatment, disposal, and recycling for wastewater reuse.

INDUSTRIAL CONSTRUCTION

We have helped our clients improve the efficiency of their operations through our designs and strategic machine positioning to maximize flow. Because of our experience, we can complete installations and machine moves in less time than other companies and within or below budget.

MACHINE INSTALLATION AND RELOCATION

Whether you're looking to relocate a single piece of equipment or move an entire production line, Kroeschell can provide safe dismantling and machinery moving within your budget and compliance requirements.

DATA CENTER MAINTENANCE AND OPERATIONS

Kroeschell's data center maintenance services are designed to prevent failures, minimize downtime, and ensure reliable operation of the critical mechanical systems installed at your facility.

FACILITIES MAINTENANCE

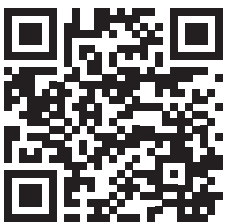

From routine electrical and plumbing repair to building systems maintenance and 24/7 emergency service, Kroeschell provides complete facility maintenance care with a team you can count on.
