

GENERAL CONTRACTING

BUILDING EXCELLENCE ONE DESIGN-BUILD PROJECT AT A TIME

When it comes to commercial construction projects, there are a lot of moving parts. Choosing a general contractor you can trust is key to avoiding project delays, unforeseen costs, or other frustrations down the line.

Kroeschell has the ability to assemble an expert team of field supervisors and subcontractors to take your construction project from start to finish. Our mission is to provide hands-on construction, project management and development services to meet aggressive schedules at competitive prices.

As a leader in general facilities contracting, we have developed the knowledge and skills to perform all phases of the construction process. We can assist customers from concept to finished product, whether you are looking to expand, remodel, or build-out an existing property.

Our extensive experience includes the construction of high-profile buildings such as museums, hospitals, industrial plants, and schools. Our team works closely with you to understand your specific design-build needs to create customized facility solutions. We put boots to ground to identify your preferred building materials and workflow processes, and deliver outstanding results, all with one goal in mind — building excellence.

In today's competitive commercial landscape, it's important to select a facility contractor that can implement all aspects of the construction plan to complete the work safely, on-time, and on budget. Kroeschell has you covered.

At Kroeschell, we go the extra mile to manage and execute construction projects with our robust offering of general contracting services, including:

- Turnkey Construction
- Ground-up Construction
- Demolition & Build Out
- Design-Build Solutions
- Design Assist
- Value Engineering
- World Class Finishes
- Fast Track Capabilities
- MEP Services
- Renovations

A DIVERSE RANGE OF CONTRACTING SERVICES

TURNKEY CONSTRUCTION

Our turnkey construction solutions remove the burden of managing complex projects with superior concept-to-commissioning services.

GROUND-UP CONSTRUCTION

New construction gives you complete flexibility, so your property can function exactly the way you need it to.

DEMOLITION & BUILD OUT

From residential to commercial or industrial sites, we provide high-quality demolition services to reduce damage and set the stage for new construction.

DESIGN-BUILD SOLUTIONS

We leverage a design-build approach to serve as a single contact to underscore timely decision making and risk mitigation for a diverse range of construction initiatives.

DESIGN ASSIST

During pre-construction, Kroeschell's design-assist team is on-hand to collaborate and provide facilities expertise with your design professionals.

VALUE ENGINEERING

Kroeschell offers state-of-the-art value engineering services to optimize your construction project, reduce costs and increase efficiencies.

WORLD CLASS FINISHES

We deliver world class finishes to attract the specific tenants or building occupants you're looking for.

FAST TRACK CAPABILITIES

When you're facing a short construction schedule, you can rely on our Fast Track Team to accelerate your construction project needs.

MEP SERVICES

We deliver complete mechanical, electrical, and plumbing services by well-trained, dependable professionals who implement site-specific programs.

RENOVATIONS

As your business evolves, your building needs to evolve with it. Kroeschell manages your renovations to ensure your facility meets the needs you have today. From design to completion, we manage the entire process.
